

Experiencing Art and Design

Year 5

Period – Contemporary collage artist

I have been exploring Collage and I have learnt...

- **Megan Coyle** is an artist and illustrator who resides in New York City. She takes common, everyday magazines and turns them into works of art.
- She is the author and illustrator of the children's book *Duck & Fish*.
- Her collages are made entirely from magazine cut-outs. She recycles old magazines by turning them into new works of art. She calls this, "painting with paper".
