

St Thomas of Canterbury - Geography Long Term Plan 2019-2020

	Autumn 2 Locational Knowledge	Spring 2 Place Knowledge	Summer 2 Human and Physical Geography
Year 1	Continents and oceans Interconnections – ecological Place – characteristics Scale	Our place in the world (Higher Broug') Place – change, characteristics, settlement Scale Environmental impact – human, sustainability	Weather in the UK Climate – weather Scale
Year 2	The United Kingdom (4 countries, capitals) Visit River Irwell Interconnections – social Place – characteristics Scale	Small area of UK (Higher Broughton) and contrasting non-European country – India (Chembakolli) Interconnections – social Place – change, characteristics, settlement Climate – weather Scale	Hot and cold places Interconnections – ecological, social Climate – weather Scale Environmental impact – human, sustainability
Year 3	The United Kingdom (towns, rivers, mountains) Interconnections – ecological, social Place – characteristics Climate – biome Scale	The North West Southport Visit Southport Place – change, characteristics, settlement Climate – weather, biome, Scale	Where do these animals live? (decide) Interconnections – ecological Climate – weather
Year 4	The world in sections (tropics, time zones) Interconnections – social Place – characteristics Climate – biome Scale	European country – France Place – change, characteristics, settlement Climate – weather, biome, Scale	How are Natural resources distributed? Farming, coal, oil, shale gas, wind Interconnections – social Scale Environmental impact – human, sustainability
Year 5	The Americas (North and South) Interconnections – ecological, social Place – characteristics Climate – biome Scale	The Amazon Basin Place – change, characteristics, settlement Climate – weather, biome, Scale Environmental impact – human	Rivers Interconnections – social Scale Environmental impact – human, sustainability
Year 6	Where in Europe? (countries, biomes, rivers, main cities based on football) Interconnections – ecological, social Place – characteristics Climate – biome Scale	The Lake District Place – change, characteristics, settlement Climate – weather, biome, Scale Environmental impact – human	Where do we find Volcanoes and why? Interconnections – social Scale
